Basics

Property Type: Land

Status: Available, Divisible, Lease, Sale

Site Size, Ac: 45 acres

Expandable: Yes

Zoning: Heavy Industrial

Dimensions: 1600 ft x 2000 ft

Category: Expandable, Heavy Power, Mega-Site, Rail Served, River Served

Area, sq ft: 1960200 sq ft

Pad Sizes (Ac): 1 - 45 Acres

Expansion Size: 300 acres

Topography: Level

Property Name: Shippingport Industrial Park

Site Link: <https://shippingportindustrialpark.com/> **Date added:** Added 1 year ago

Description

Property Description: All 45 acres of SIP Parcel A are available for development. Parcel can be expanded or shape can be modified to meet demand of prospects. Site work can be expedited to accommodate the demands of the prospect. This area supported the transloading infrastructure and downstream manufacturing of the powerplant. The parcel includes various silos, warehouses, production facilities, storage tanks, and utility infrastructure. Within the parcel, gypsum was produced, lime was stored, material was dewatered, and infrastructure supported the transloading between truck, barge, and rail. If structures, buildings, or systems are in the way of prospect development, this infrastructure can be removed by Frontier Industrial Corp team mobilized on site currently. Most of the infrastructure can be removed with 2-3 months upon decision made.
